This two day course has been developed for professionals interested in performing observation to assure that roof installation is consistent with construction documents. The program covers the diverse and challenging aspects of roofing as encountered in the field and is ideal for roofing material manufacturers, general contractors, quality assurance observers, and field inspectors.

Highlights of the program include:

- Fundamentals of Roof Quality Assurance.
- Role of the Roof Observer, Construction Contract Documents, Daily Reports, Ethics' and Codes.
- Roof component assembly and quality practice guidelines for a variety of roofing systems.
- Course provides useful information for the individual who is preparing for RRO registration.

Educational Credit

- 16 Continuing Educational Hours (CEHs) from RCI
- 16 Learning Units from the American Institute of Architects (AIA) - (Approved for Health Safety and Welfare Credit)
